RE: CCAD Cargo and Seafood Transfer Facility - DTOS59-21-RA-RAISE

Mr. Buttigieg and the RAISE Review Committee:

This letter is in support of the Coos County Airport District's application for the RAISE Transportation Discretionary Grant program funding for the construction of a modern cargo and seafood transfer facility.

This project will remove hazardous World War II facilities and will open up property for a modern functional cargo storage and transfer facility, which in turn will allow for regional seafood harvesters to export their products nationally.

As the Workforce Board for the Southwestern Oregon Region, we have sought economical and efficient ways to increase the economic stability of our area especially on the Southern Oregon Coast. This facility will create a direct economic benefit for Southern Oregon businesses, which includes Coos, Curry and Douglas Counties.

We are pleased to have the opportunity to support this grant application. This is a great way to RAISE our local economy.

Sincerely,

Kyle Stevens
Executive Director
